

Of Interest to Farmers.

Believing that the farmers of the State, who are extensive breeders of live stock, can learn much from lectures by expert veterinarians, Commissioner of Agriculture M. C. Rankin has engaged Dr. Charles Frazier, of McKillik Veterinary College, of Chicago, an expert veterinarian, to spend the month of August in Kentucky and deliver a series of lectures at the various farmer's institutes.

Dr. Frazier will be sent only to the largest live stock communities, where his discussion of home remedies for diseases of cattle, horses, mules, hogs, and sheep will prove of practical benefit to every farmer.

Dr. Frazier's lectures will be taken down in short hand and printed in book form for distribution among the farmers of the State.

Another institute feature will be a series of lectures by Otis Crane, of Lebanon, Ind., an expert poultry raiser. Mr. Crane has delivered lectures before Purdue University, Greencastle, Ind., and is an authority on this subject. At present it is proposed to have Prof. Crane lecture only at points in the State where there are Poultry Breeder's Associations.

Raise Price of Burley.

It is reported that the Burley Tobacco Society, by its Board of Control, had decided several days ago, at a meeting in Winchester, to increase the price of the tobacco which is now in the pool. The present price is 15 cents on an average, and it is said that this price will be materially increased, so that if the trust wants the crop it will have to pay much more than it would at the present time. It was said by the society that the price would be showed up after a certain time unless the trust bought the tobacco, and it is said now that this has been done. What the increase is is not known to the Burley Society members, and no announcement has been made of the increase. Ever members of the Society do not know that the price has been increased, but it is stated on reliable authority that action has already been taken.

LIVE STOCK AND CROP NOTES

A lot of corn was sold in Woodford county last week at \$4.00 per barrel.

Ryley & Co., of Versailles, bought 7,000 bushels of wheat at one dollar a bushel.

Tom Trumble, of Georgetown, has refused \$450 for a fine brood mare by Pat Washington.

Carey Ward has sold his beautiful gray gelding to a New York party at the reported price of \$400.

J. U. Boardman, of this city, bought of North Middletown parties, Blackwood, by Woodland Echo, a handsome gelding for \$400.

Lewis Rogers delivered Tuesday to Simon Weil, fifty-two head of fat hogs that averaged 203 pounds per head, for which he received \$5.25 per one hundred pounds.

It is said that an acre of land planted in beans will yield more profits in proportion to the labor and expense involved than two acres of tobacco, estimating the tobacco crop at ten cents per pound.

W. R. Ewing, of Clark county, sheared a Southdown ram which yielded thirteen pounds of wool which he sold at seventeen cents per pound. Immediately after being sheared the sheep weighed two hundred and two pounds.

Alfalfa promises to revolutionize farming and cattle raising. It is proved that it furnishes more good feed per acre than any other two crops and enriches the land at the same time. Alfalfa can be grown where red clover grows. A good way to get a stand is to cut red clover in June, break the ground, keep it harrowed until August 15th then sow 15 pounds of tested alfalfa seed per acre and you will rejoice ever after.

Among the blue ribbon winners at the Durham and Brooklyn Horse Shows this spring, were the following good ones, owned and sold by Shropshire brothers, of Paris: Clara, a now owned by J. E. Stephens, of Cleveland; Lord Kitchener, owned by Rufus L. Patterson, of New York; Auwin, owned by Mat. S. Cohen, Lexington; also a bay walk-trout mare, Colleen, owned by Mrs. Edwin E. Kirkland, sold by Shropshire and Burke.

Tobacco Raising in Florida.

Editor Farmers Home Journal:
I am glad to tell you of our upward march and strides in the production of cigar wrappers. The Sunny Brook Tobacco Company has erected about thirty-five cottages for white tenants and they are growing the tobacco under contract for the company at 22 1/2 cents per pound, the company furnishes the land, seed, fertilizer and irrigation, and the tenant receives on an average about \$220 per acre for all the tobacco he grows. The land is cleared of the tobacco stalks in July and August and vegetable crops are grown on shares for the rest of the year and until the next March; two crops of these follow tobacco, the tenant getting three-fourths of the crop.

Like Our Agricultural Implements.

Agricultural implements of American manufacture have a firm foothold and lead the imports of such articles in Cuban markets.

15 Mules Burn.

The sales stables of the Davis Live Stock Co., at Henderson, burned causing a loss of \$40,000. The president of the company says there is evidence that the fire is of incendiary origin. Seventy-five mules perished in the fire and as the leaning walls prevent the immediate removal of the bodies, the stench in the retail district is nauseating.

A UNIQUE RECORD.

Not Another Like it in Our Broad Republic.

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A Paris citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

C. L. Hukil, living at 331 Mt. Airy avenue, Paris, Ky., says: "I have so much faith in Doan's Kidney Pills that after using them over five years ago and receiving undoubted results, I am glad to recommend them again. Doan's Kidney Pills proved of such benefit to me, that I have had no trouble since. They banished the pains across my back, corrected the disorder of my kidneys and helped me in every way. In my estimation Doan's Kidney Pills are the greatest remedy known and have proven to be all that people have said of them as a kidney remedy. I procured Doan's Kidney Pills at J. A. Wilson's drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other

Trust May Dissolve.

A dispatch from Washington City says: "The Department of Justice has heard persistent rumors that the American Tobacco Company (the Trust) is going to dissolve. According to the advice of a leading department official the Trust is on its last legs. The Government's investigation has developed an enormous lot of valuable ammunition, which will be used against the Trust. With this pending over it, and harassed as it has been by 'night riders,' the Trust is about ready to give up the ghost."

Another dispatch from Richmond, Va., says: "Rumors current in this city to the effect that the American Tobacco Company, with branches throughout the civilized world, is about to dissolve, were practically admitted to be true by officers of the trust, resident in this city. It is said that this step has been decided upon on the advice of legal representatives of the Trust, who acknowledge in advance the certain defeat of the Trust in the prosecution under the provisions of the Sherman anti-trust law. The dissolution comes about by mutual agreement of the Board of Directors of the American Tobacco Company."

Motto On Coins.

The Senate Committee on Finance voted unanimously to report a bill already passed by the House providing for the permanent restoration of the words "In God We Trust" on gold and silver coin.

Bad Attack of Dysentery Cured.

"An honorable citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lots no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by W. T. Brooks. You need no other guarantee.
